Hands-On Lab: Branching and Merging (Web UI)

**In case you are having issues viewing the lab instructions below or prefer to view the instructions in a new browser tab, click here**

⊗

○   04:50   ○

2. Type a name and extension for the file, for example, `testchild.py`, and add the following lines to the body of the new file:

```
## Adding a new file in the child branch
print ("Inside Child branch")
```
